Quality Policy

Morin Prides itself in being the top Independent Manufacturer of Roll-Formed architectural metal roof, wall and associated products and providing top quality performance in customer service.

To ensure this, Morin is committed to:

- Making its pursuit of excellence in quality a top priority.
- Understanding and delivering to the needs of our customers.
- Reducing internal and external failures by continuously improving our level of quality control and service.
- Creating and maintaining a work environment for our employees that values their contribution to the company.
- Training and developing its people, with an emphasis on creating a “right first time” attitude.
- Constantly striving to achieve the highest standards in all areas.
- Maintaining a Continuous Improvement Ethos.
- Maintain company and departmental monitoring programmes to ensure compliance with its policy and objectives and targets programme in line with our strategic and operational plans.
- Ensuring compliance with all ISO 9001:2015 requirements.
